

## Skills for Solution Focused Brief Therapy – From Problem Solving to Solution Building

### About the workshop

Solution Focused Brief Therapy (SFBT) focuses from the beginning on possible solutions rather than on the problems or the history behind the problems. It enables clients to focus on their strengths and resources and empowers them to bring about change.

This workshop will be a practical, hands-on experiential time using the tools of SFBT to work with clients. Participants are encouraged to bring case studies that can be used for the application of solution-focused strategies and interventions.

### About the Presenters

**DR. ANN MOIR-BUSSY** is Assistant Professor in the Department of Counselling and Psychology at Shue Yan University. Ann has many years of experience in counselling and counselling education both in Australia and Hong Kong. Ann is Editor of the *Asia Pacific Journal of Counselling and Psychotherapy*, is Head of the Academic and Research Division of the Asian Professional Counselling Association (APCA) and is Vice President of the Australian Counselling Association (ACA).
