

## Rorschach Comprehensive System Training Level 1

### Speakers:

#### Dr Justine McCarthy Woods

Consultant Clinical Psychologist, (President) British Rorschach Society (BRS)

#### Dr Kari Carstairs

Chartered Clinical Psychologist, (Vice-President, BRS)

### Aims:

This training will provide participants with:

- 1) An overview of the structure and the psychometric properties of the RCS
- 2) The opportunity to learn the essential procedures for administering and scoring the Rorschach
- 3) An understanding of the major principles and procedures required to undertake a basic interpretation and analysis of the Rorschach
- 4) An overview of the clinical applications of the Rorschach

The training will enable participants to use the Rorschach as part of their professional practice on completion of the training, with supervision from an experienced Rorschach Practitioner.

### Course Content and Structure:

- The course will include both a didactic and practical component
- Participants will be taught the basic principles associated with the administration and recording of responses, with opportunities to practice this in a group setting.
- Participants will undertake practical exercises, such as scoring responses, to increase their skills and knowledge base.
- Data from the analysis and interpretation of the RCS will be integrated with clinical material to illustrate how the RCS can be used in a meaningful way in applied settings
- Consideration of the use of the RCS for identifying risk i.e. suicide and thought disorder

**Dates of the Workshop:** 26-30 May 2010

**Time:** 9:00 am to 5:00pm

**Venue:** 7th Floor, Library Complex, Hong Kong Shue Yan University

**Fee:**

For members: HKD6, 500+\$1,600<sup>#</sup>

Early birds (before 15 April, 2010): HKD7, 000+\$1,600<sup>#</sup>

Full cost: HKD8, 750+\$1,600<sup>#</sup>

<sup>#</sup> \$1,600 is the fee of RIT manuals and response sets

- \* Participants **MUST** purchase the RIT manuals and response sets as participants need to practice on the set in the workshop and after the workshop, participants need the set to work with clients.
